

To all NOCs, NOAs
Olympic Education Department

Budapest, 10 May 2024

Dear Friends,

I hope my letter finds you in good health.

Budapest has been given the honor by the International Olympic Committee to host the second stage of the urban sports Olympic Qualifier Series for Paris 2024 (breaking, BMX Freestyle, sport climbing, skateboarding).

One of our main responsibilities is to combine this fantastic Olympic event with OVEP (Olympic Values Education Program) activities, thus serving as a good example for other countries seeking to implement OVEP in their countries.

We would be really happy to meet you in Budapest for this pioneering Olympic education event where the movement meets the Olympic Values and where children from age 13-17 can experience the value-based education and enjoy the urban festival at the same time.

Date of OVEP activities: 20 June 2024, 10:00-17:00

Venue: Ludovika Campus, Budapest, Hungary

It would be an honour to see you around, and we hope that our education program can serve as a great experience and learning regarding OVEP and its event-based pathway.

For more information, please contact Lilla Szijj (ovep@olimpia.hu).

Friendly regards,

Zsolt Gyulay
President
