Competition Format and Rules

As of WED 17 JAN 2024

Youth Olympic Competition Format

Speed skating comprises seven events (distances) at the Winter Youth Olympic Games Gangwon 2024:

- Women: 500m, 1500m and mass start
- Men: 500m, 1500m and mass start
- Mixed relay

Individual events (except Mass Start)

All individual events are organised in a single race format.

Mass start events

The competition consists of two phases: semifinals and final.

The ISU may change the format to a final phase only, based on the number of competing skaters in the event.

The top eight ranked skaters from each semifinal qualify to the final. The referee may also advance skaters to the final.

The race distance is 10 laps for both women and men.

During the race there will be two intermediate sprints, which will be concluded at the finishing line after four and seven laps, and a final sprint at the finish. The ranking at the intermediate sprints and the finishing order at the final sprint will be determined by photo-finish.

Race points are awarded for the sprints as follows:

- Intermediate sprints: first three skaters will gain: 3, 2, 1 points.
- Final sprint: first six skaters will gain: 60, 40, 20, 10, 6, 3 points.
- The winners of the final sprint (places 1 to 3) will be ranked 1st, 2nd, 3rd in the race.
- The remaining skaters will be ranked according to their points in the intermediate sprint.
- For skaters that do not finish the race in a regular manner, points allocated from the intermediate sprint will not be considered for the final race result. Such intermediate sprint points will not be reallocated to other skaters.
- Skaters without race points will be ranked according to their finishing order in the final sprint.
- Skaters not finishing the race will be ranked according to the number of laps that they have completed before being lapped, or otherwise having abandoned the race.

Mixed relay event

The event consists of two phases: semifinals and final.

The athletes will compete in NOC teams consisting of two athletes (one woman and one man) representing the same National Olympic Committee.

The composition of the heats for the Semifinals will be based on the ranking list determining the qualification for the event, as follows:

- Heat 1: Teams ranked 1, 6, 7 and 12
- Heat 2: Teams ranked 2, 5, 8 and 11
- Heat 3: Teams ranked 3, 4, 9 and 10

Teams wear different coloured armbands for easy identification as follows: team number 1 - white; team number 2 - red; team number 3 - yellow; team number 4 - blue.

There will be four legs in each race. The first leg consists of one lap (woman), the second leg of two laps (man), the third leg of two laps (woman) and the fourth and last leg of one lap (man), a total of six laps per race.

The event is concluded by two rounds of races. The four fastest teams from the semifinals heats will qualify for the final to compete for the medals.

The event classification is determined as follows: The four teams qualifying for the Final will be ranked ahead of all other participating teams. This will apply also in the case that a team will not get a valid race result in the final. The remaining teams will be ranked based on their semifinal times.

Differences between the ISU World Junior Speed Skating Championships and the Winter Youth Olympic Games

The Youth Olympic competition format is similar to the ISU World Junior Speed Skating Championships, but only one distance is skated per day of competition.

The Youth Olympic Speed Skating competitions have different qualification criteria than the World Junior Speed Skating Championships concerning qualifying times, qualifying competitions, the number of competitors and the entry quota in each distance.

Changes since the Winter Youth Olympic Games Lausanne 2020

The mixed relay event replaces the mixed NOC team sprint event on the programme.

Sport Rules and Procedures

Racing course

The oval has a 400 metre track with two competition lanes. Skaters compete in pairs in 500m and 1500m. One starts in the inner lane while the other starts in the outer lane. The competitors starting in the inner lane must wear white armbands and the competitors starting in the outer lane must wear red armbands. The skaters change lanes at the crossing straight (opposite to the finishing straight) after every lap. However, when a distance starts on the crossing straight, the first changeover takes place after one lap.

For the mass start, skaters start together and only one competition lane (corresponding to the warm-up lane) is used. All entered male skaters and all entered female skaters can take part in the event. Both women and men skaters will skate over a distance of 10 laps each.

For the mixed relay races, four teams will compete in each heat, and the race will start at the 500m starting line and finish at the 500m finishing line. The exchange zone will begin at the 500m starting line, and the relay must be completed before the 1000m finishing line. Skaters can enter the ice at the apex/middle of the curve before the exchange zone to gain speed for the exchange. The start and finish of the exchange zone will be marked with orange cones. A team exchanging outside the exchange zone will be disqualified.

Starting order

The competitors are placed in groups based on the ISU ranking list. Pairs are drawn within each group. The pairs from the group with the best skaters start at the end of the competition.

The same procedure applies to the mixed relay event. All participating teams will be seeded according to their ISU ranking.

Re-skate

The Referee may allow a skater a fresh start (re-skate) in cases where the skater has been obstructed by the other skater in the pair or by some other disturbance. In the case of a re-skate, the skater has the right to a rest time of 30 minutes and the result of the skater is determined as the best time of the two races.

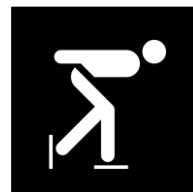

Timing

Races will be timed automatically, with an accuracy of one thousandth of a second, with a manual timing backup procedure. Times will be displayed to one hundredth of a second, unless skaters are tied and the tie can be broken at the thousandth of a second level. Results of individual distances are based on time performance only (no elimination phases).

Tiebreak rules

Individual events (except mass start)

- If two or more skaters obtain the same time to the hundredth of a second, the ties will be broken taking into consideration their times to the thousandth of a second. Times will then be presented to the thousandth of a second. If times are still equal, the tie remains.

Mass start events

- If two or more skaters obtain the same rank at the intermediate sprint as recorded by the photo-finish system, the tie remains, and all tied skaters receive the same number of race points (3, 2, 1 points, respectively).
- If two or more skaters obtain the same total of race points, the finishing order in the final sprint will break the tie.
- If two or more skaters obtain the same finishing order in the final sprint, as recorded by the photo-finish system, the tie remains.
- Times at the final sprint for skaters who have gained no race points will be presented to the thousandth of a second

Mixed relay event

- In the semifinal, if two or more teams obtain the same time to the hundredth of a second, the ties will be broken taking into consideration their times to the thousandth of a second. If times are still equal, the tie remains. Any remaining ties for a qualification position will be broken by the event qualification ranking list.
- In the final, if two or more teams obtain the same time to the hundredth of a second, the ties will be broken taking into consideration their times to the thousandth of a second. If times are equal to the thousandth of a second, ties will be broken by the times achieved in the semifinal. If times are still equal, the tie remains.
- Any finish times that are the same to the hundredth of a second will be presented with the thousandth of a second included

Penalties/disqualification rules

A disqualification due to breach of the ISU competition rules is part of normal competition and will be indicated as "DQ" (disqualified). The set of standard reasons for disqualification is included in the ISU rules.

Protests/appeals

- Protests concerning the participation of any skater must be made before the start of the competition concerned
- Protests concerning results of the competition must be made during or immediately after the competition concerned. Such protests will be decided upon by the referee.
- No protests can be made after the official results have been declared

Referee:	STOFFEL Moyca (CAN)
----------	----------------------------

Note:
 The best 8 athletes in each semifinal advance to the final.
 If two or more skaters obtained the same points, the ties will be broken by time.
 If two or more skaters obtained the same time to the hundredth of a second, their times will be presented to the thousandth of a second.

Legend:
Q Qualified for the Final Sx Sprint position (x=1-3)

ISU Assistant Referee - Men:	HUANG Lixhia	CHN - China
ISU Starter - Women:	OH Yong-Seok	KOR – Republic of Korea
ISU Starter – Men:	MOLENDAN Brian	USA – United States of America
ISU Medical Advisors:	MORAN Jane KIM Eunkuk	CAN – Canada KOR – Republic of Korea

Sport Terminology

As of WED 17 JAN 2024

Term	Definition
Arm band	During racing each competitor must wear an arm band. The colour of the arm band defines the starting lane or skating order of the skater or the team.
Chief Timekeeper	The Chief Timekeeper is responsible for the recording of times. There is one Chief Timekeeper responsible for the automatic time keeping system and one Chief Timekeeper responsible for the manual time keeping procedure.
Final time	A final time is a time performed by the competitor in a distance. It is the basis of ranking for the final results of an event.
Finishing Line Judge	For the manual timing procedure, the Finishing Line Judge is an official who will determine which skater is the winner, or if skaters are tied. When photo-finish is used to establish the final time, the official reading of the photo-finish result assumes the role of the Finishing Line Judge.
Gap (time)	A gap is the difference between the best time (the time of the winner or of the current leader) and the time of a given competitor, displayed in seconds to two decimal places. For the winner, the gap is always indicated as "0.00".
Helmet cover	During the Mass Start event, each competitor must wear a helmet cover which defines the starting position of the skater. Semifinals: Each Semifinal will have different coloured helmet covers. For Semifinal 1, white colour with blue digits 1 to 18, for Semifinal 2, blue colour with white digits 1 to 18. Final: Skaters who qualified from Semifinal 1 will wear white helmet covers with blue digits 1, 3, 5, 7 and so on. Skaters who qualified from Semifinal 2 will wear blue helmet covers with white digits 2, 4, 6, 8 and so on.
Lane	In a Speed Skating competition over an individual distance, the competitors in a pair skate in either of two lanes, the inner lane (denoted as "I") or the outer lane (denoted as "O"). According to the draw, one competitor starts in the inner lane and the other in the outer lane. While skating, competitors must change lanes on each lap on the crossing straight opposite the finishing straight.
Pair	A pair normally consists of two skaters who compete at the same time (receiving the same start signal) over a Speed Skating distance. In the case of an odd number of competitors in the distance, or in the case of withdrawals during the competition, a pair may consist of a single skater.
Personal best (PB)	A personal best is the best time ever achieved by a skater in that distance.
Referees (Referee, Assistant Referee)	The Referees are appointed by the ISU President. The Referee at the Winter Youth Olympic Games is responsible for: <ul style="list-style-type: none"> • Checking the eligibility of officials and competitors • Drawing or arrangements of pairs, according to ISU Regulations • Adjusting and rearranging of the pairs according to ISU Regulations • Seeing that all applicable ISU rules are observed for the competition

Term	Definition
	<ul style="list-style-type: none"> Taking all decisions on disqualifications of competitors in case of violation of ISU Special Regulations or Technical Rules for Speed Skating, except for those matters related to the starting procedure, which are the responsibility of the Starter <p>The Referee is empowered to (cf. ISU Regulations):</p> <ul style="list-style-type: none"> Decide whether the condition of the ice and the safety measures at the track permit the holding of the event If unfavourable circumstances arise, to alter the shape and size of the track and to change the distances To introduce alterations in the announced program of the competition, in so far as these do not conflict with the ISU Regulations To accept, in agreement with the organising ISU Member or affiliated club, another rink for the holding of the event To prevent unsportsmanlike behaviour of a skater or team official by giving a warning. Such decision shall be announced by the announcer and published in the official protocol. If the facts of the case are related to a breach of the Code of Ethics, a Statement of Complaint to the ISU Disciplinary Commission will follow. <p>At ISU Events decisions as mentioned above can only be made in consultation with the ISU Representative(s) assigned for the competition.</p> <ul style="list-style-type: none"> Decide whether, where and when a race that has been declared invalid, will be rerun If necessary, to exclude competitors or coaches from the competition Stop a race during its progress if there are safety concerns in the case of a fallen or injured competitor Suspend skating until order is restored when the public interrupts the competition or interferes with its orderly conduct Change the starter or other officials <p>The Referee decides upon:</p> <ul style="list-style-type: none"> All protests made, and other matters in dispute, except those concerning the start and the decisions of the Finishing Line Judge All matters concerning any breaches of the ISU Regulations, even if no protest has been made <p>The Assistant Referee will replace the Referee if he/she is no longer able to fulfil his/her tasks.</p>
Season's best (SB)	A season's best is the best time achieved by a skater in that distance in the period after July 1 st of the year preceding the Games.
Split time	A split time is the intermediate time of a skater/team each time they cross the finishing line. The first split time is the first time they cross the finishing line. The last split time is equal to the final time. The split time is the sum of the individual lap times.
Starters	For the Winter Youth Olympic Games, the Starters are appointed by the ISU President; one Starter for the Women's competition and one Starter for the men's competition. The Starter is responsible for decisions on all disputes relating to the start.
Starting lane	The starting lane for a skater is the lane in which the skater is positioned at the start of the race.
